For fiscal year ending June 30 this year 255 soil samples were tested from this county. I've a good idea that if 5 times this number were being tested we would still be below a reasonable goal.

March is usually the high month in soil tests. Last year about one-seventh of all samples were tested during this month.

The use of pesticides is expected to increase at a rate of at least 10% annually during the next 10 years.

Herbicides will continue to lead the increase, and fungicides will follow closely behind as farmers go to closer spacing, earlier seeding, and less labor.

Park Brinkley, a Virginian who several years ago became President of the National Agricultural Chemicals Association outlined these pedictions a few days ago.

He also pointed out that public opinion will force an even stricter control of pesticide registration, labeling and use. As out society becomes more urbanized a stronger effort will be made by wildlife and health groups to gain regulatory control over registration and use. This makes it doubly important that we keep before the public the fact that an abundance of wholesome food at reasonable prices is the real objective. In this effort the combined voice of Agribusiness is needed. We must speak firmly and wisely if reason is to prevail. The public must understand that food prices and quality will be affected by public pesticide policy.

You'll want to mark your calendar for the Animal Industry Day -- Friday July 24, 1970.

Another top program is being planned.

Corn is being picked -- small grains seeded -- in a few weeks we should be ready for the winter. Winter means stripping tobacco and feeding.

Before cold weather begins it's a good time to get the farmstead in good order. Nothing creates a better impression than an attractive farmstead free from junk and weeds. We hear a lot about pollution these days. Someone has described an unkept farm as "sight" pollution.

Cattle on feed in Virginia on October 1 were down 14 percent, Nationally, cattle on feed were up 10 percent.

* * *

1312 head were sold at the feeder sale last week in Lynchburg. Top steer prices were $36.50. All steers excluding seven head sold for $30 or better.

504 heifers were sold and were $6 - $8 under steer prices.

Lose 10 Lbs. In 10 Days On New Grapefruit Diet

This is the revolutionary new grapefruit diet that everyone is suddenly talking about. Literally thousands upon thousands of copies have been passed from hand to hand in factories, plants and offices throughout the U.S. and Canada. Word of its success has spread like wildfire, because this is the one diet that really seems to work for most overweight people. A well known Toronto columnist recently praised it to the skies. He reported losing 20 pounds quickly and easily long after he despaired of ever getting down to his wartime weight of 165 pounds. All this without cutting out the occasional beer or rye. If it is followed exactly the average overweight person should lose 10 pounds in 10 days. There will be no weight loss in the first four days. But you will suddenly drop 5 pounds on the 5th day. There after you will lose one pound a day until the 10th day. Then you will lose 1½ pounds every two days until you get down to your proper weight. Best of all there should be no hunger pangs. Now revised and enlarged, this new diet plan lets you stuff yourself with foods that were formerly 'forbidden'. Such as big steaks trimmed with fat, Southern fried chicken, rich gravies, mayonnaise, lobsters swimming in butter, bacon, fats, sausages and scrambled eggs. You can eat until you are full, until you can't possibly eat any more. And still you should lose 10 pounds in the first 10 days, plus 1½ pounds every two days thereafter until your weight is down to normal. The secret behind this new "Quick weight loss" is not generally known. Fat, it has been theorized, does not form fat. Perhaps fat fights fat. And the grapefruit juice in this new diet might act as a catalyst (the "trigger") to start the fat burning process. You stuff yourself on the permitted foods listed in the diet plan, and still lose unsightly fat and excess body fluids. When the fat and bloat are gone you will cease to lose weight, and your weight will remain controlled. A copy of this new and startling successful diet plan can be obtained by sending $3 to The

Unconditional money-back guarantee. If after trying the diet plan you have not lost 7 pounds in the first 7 days, another 6 pounds in the next 7 days, and 1½ pounds every two days thereafter, simply return the diet plan and your $3 will be refunded promptly and without argument. Tear out this message as a reminder. Decide now to regain that trim attractive figure, while still enjoying hearty breakfasts, lunches and dinners. Order now before others snap up the limited supply. —Adv.

Battle On Campaign Trail

It was coffee time at Traveler's Inn Thursday, Oct. 23, as John S. Battle, brother of gubernatorial candidate William C. Battle, and a practicing attorney of Richmond, visited Appomattox. Mrs. R. David Jones, Mrs. R. G. Janatka and Mrs. Stuart Farrar (far right), Battle campaign chairman for Appomattox, introduced guests to Battle, who bears a marked resemblance to the candidate. Helping with the coffee hour were the inn owners and managers, Mr. and Mrs. Ray Noble.

Super-Vac Given To Firemen

Super Vac is the name . . . it's a smoke enjector given by Grove 6073, Woodmen of the World, through its president, Mrs. Nannie Mae (Jerry) Smith to the Appomattox Volunteer Fire Company with fire chief C. R. Wooldridge (center) and fireman Harold Carter (right), representing firemen. The smoke enjector is explosion proof, explains fireman Carter and can be of immense help to keep smoke damage in a house or building to a minimum. The gift is valued at nearly $250. An average room can be cleared in two minutes, he said, with this equipment, and it's his estimate that firemen will find use for the machine for as many as 20 fires during a year's time. "A $15 fire can cause $1,000 worth of damage", he said. Now firemen are hoping for a "Jet-X Package", a foam liquid producer to have available for fire calls dealing with explosive materials. Mrs. Smith said she would go back and talk to the ladies of the Grove about this important need. Also in the picture, the new tanker - truck recently purchased by the Fire Dept.

Happy-Hustlers 4-H

The regular meeting of the Happy Hustlers 4-H Club met on Oct. 14, 1969 at the Hebron Church. The meeting was called to order. The pledges to the flags were given. Shooting Match

Spout Spring Ruritans are sponsoring a shooting match each Saturday afternoon at 2 p. m. at Carson's Farm, just east of Spout Spring. The match will continue each Saturday through November 15.

Prices Would Be Higher Except..

Food prices would be considerably higher than they are now except for the productivity and efficiency of the American farmers, reported J. Phil Campbell, Under Secretary of Agriculture, when he spoke at a national conference of newspaper food editors.

"As a matter of fact, the farmer's efficiency has probably done more for the consumer than it has for him. He's had to run that fast just to stay in place," said Mr. Campbell.

Local farmers and consumers would be interested in the facts cited, said J. P. Alvis, Jr., Chairman of the Appomattox County Agricultural Stabilization and Conservation (ASC) Committee.

Noting that food prices have gone up, Mr. Campbell pointed out that the increase has trailed the rise in the cost of living rather than leading it.

The farmer is caught in the squeeze between high prodiction costs and low returns for farm products. The Agriculture Under Secretary said, "Far too many people in our towns and cities think that the American farmer is a ward of the government. That just isn't so. The farmer is in the free enterprize, capitalistic system. No single producer of industrial goods has as many competitors as the farmer has.

"The farmer isn't getting rich. Farm family incomes are still only about 75 percent of non - farm family incomes, and many farm people have to do some off-farm work to bring their earnings that high."

He also commented that while food prices have gone up consumers actually will spend a smaller percentage of their disposable income on food at home. Disposable income is projected to rise 6 to 7 percent this year, while food prices go up perhaps 4.5 percent.

Last year Americans spent only 16.8 percent of their disposable income for food and the percentage will be even lower this year. They will spend less on food proportionate to their income than they have ever spent, and less than any other people have ever spent anywhere in the history of the world.

Be careful with it—forest fires start with one match!

All-Stars Celebrate With Banquet

It was banquet night at the Parkway Thursday as All-Stars of Appomattox celebrated their District 6 baseball triumph and the win of the Runner-up Trophy in state tournament play. Fidelity National Bank presented a gleaming trophy to each player: (front row) Robert Doss, Tommy Bryant, Mitch Eggleston, Danny Hix, Charlie Napier, Dickie Kelso, Bascomb Almond, (second row) Phillip Rice, Terry Bayes, Dennis Jamerson, Hal Smith, Joe Johnson, Vern Massie, Warren Coleman, Tommy Wheeler and Mike Quinn.

All-Star Coaches & Helpers

Takes teamwork and coaching skill to develop baseball all-stars. Coaches Fred Weakley and Albert Harvey (foreground) helped their boys celebrate Thursday with a banquet at the Parkway Restaurant. Standing behind them is Youth Association president Roy A. Massie, F. L. Eggleston, representing Fidelity National Bank which presented trophies and H. W. "Billy" Connor, treasurer of the Youth Association. The All-Stars won the District 6 championship and three out of five games in state competition to bring home the Runner-Up trophy, on display on Main Street, Appomattox.

Jaycees Country Music Festival

Just over the two weeks from now, and the public of Appomattox County will be presented the greatest presentation of Country Music ever assembled in this County.

On Friday night, November 14, 1969 at 8:00 p.m. at the Appomattox High School Auditorium, the Appomattox County Jaycees will present their Annual Country Music Festival.

This "Festival" will be comprised of Country Music bands and singers from throughout the state of Virginia.

All contestants must be registered not later than Nov. 5, 1969. Contestants may fill out the handy registration form found in this newspaper or pick up entry forms at the Times-Virginian office on Court Street in Appomattox. As we told you last week, Virginia's greatest Country Music promoter and enthusiast will be the Master of Ceremonies. That's right! The one and only Henry Fulcher of Radio Station WFLO in Farmville, Va. will be your host for the Country Music Festival.

Support your Jaycees in a most worthwhile project. Admission prices will be $1.00 for adults and $.50 for children. All proceeds will sponsor the Jaycee Christmas Shopping Tour for underprivileged children of Appomattox County.
